[New Data, but Not Much New in Wyo. Fracking Study](#)

[ABC News](#)

New samples from beneath a Wyoming gas field where the U.S. Environmental Protection Agency linked hydraulic fracturing to groundwater pollution seem unlikely to sway hearts and minds on a nationwide debate over the contentious issue: The additional ...

[EPA cuts Nogales some slack on air quality because of cross-border pollution](#)

[TucsonSentinel.com](#)

The notice says, among other things, that EPA reviewed three years of air-quality data from the state and determined that the majority of emissions recorded in Nogales, Ariz., were coming from Nogales, Sonora, Mexico. "On the Arizona side, they're ...

[EPA and Coal: No Longer the 'Bad Guys' in Presidential Contest](#)

[energybiz](#)

With the presidential campaign headed down the final stretch, it is expected that the two main candidates will slow up. What? While their slugfest will remain in high gear, their highly toxic rhetoric will begin to ease as they seek to woo the ...

[EPA pushes tough asbestos standard for Mont. town](#)

[KAALtv.com](#)

The Environmental Protection Agency's new proposal for the northwest Montana town of Libby, where asbestos dust has killed hundreds of people, would be 5,000 times tougher than the standard used in past cleanups addressing airborne asbestos.
